Services offered in NYC, Yonkers, Hudson Valley, and Nassau County

# Day Habilitation: Carmen Aquilone Program / Linda Buch Gherardi Center

# Residential Settings Across Brooklyn

**The Carmen Aquilone Program** assists more than 80 people each year in a barrier-free environment, where individual choice and skills-based training are at the center of our comprehensive approach to support.

We promote growth by providing money management, safety and community awareness, fire safety / evacuation, socialization, hygiene, and more.

*The Carmen Aquilone setting also features a Senior Satellite Program, promoting the same services tuned to older individuals.*

**The Linda Buch Gherardi Center** is a centrally-located day program for people with I/DD in Crown Heights, Brownsville, Prospect-Lefferts Gardens and the surrounding communities.

The goal for every team member here is to help each person achieve the maximum level of independence through training, education, and support. Ongoing nursing and psychology supports compliment daily physical, speech, and occupational therapy sessions.

CP Unlimited also offers an empowering vocational and Day Hab Without Walls program that connects the people we support with jobs at local retail outlets as well as corporate and non-profit organizations. Ongoing training and assistance are provided by dedicated CP team members.

A home is the most important, stable element of a fulfilling life. CP Unlimited is one of the most committed organizations providing comprehensive residential services to people with intellectual and developmental disabilities (I/DD) across Brooklyn.

**The Agency operates dozens of residential settings throughout the borough,** allowing us to work in diverse communities and demonstrate our commitment to our fellow neighbors. In each area, we seek to plant roots to both integrate and ingratiate our supports as part of the local fabric.

*“Everybody goes above and beyond to make sure our persons supported are well taken care of ...this is their home, and we are here to make them happy.”*

*-Loretta Orelie, Charge Nurse*
